GEORGIA MOTOR VEHICLE ASSESSMENT MANUAL FOR TITLE AD VALOREM TAX

STATE OF GEORGIA
DEPARTMENT OF REVENUE
MOTOR VEHICLE DIVISION

2025
Motor Vehicle Assessment Manual for Title Ad Valorem Tax

The values provided in this manual are calculated and provided solely for the purposes of calculating the proper amount of title ad valorem tax ("TAVT") for the county tag office to collect with an application for a Georgia certificate of title. The "fair market value of the motor vehicle" used here is a term defined in O.C.G.A. § 48-5C-1(a)(1). Any value or representation of fair market value in this manual is solely for the purposes of determining the value in accordance with that definition.

Pursuant to the provisions of O.C.G.A. § 48-5C-1(a)(1), "fair market value of the motor vehicle" is set by averaging the current fair market value and the current wholesale value of a motor vehicle. Therefore, the fair market value reflected in this manual generally will be less than actual fair market value for a retail sale. The values listed in this manual are intended solely for calculating tax liabilities. They are not intended for the purposes of determining the amount that a willing buyer and a willing seller would agree is the current fair market value in an arm's length, bona fide sale of a vehicle, replacement cost, or the amount that an insurance company should use for any purposes other than calculating TAVT.
