

Georgia Department of Revenue Compliance Agreement for Substitute Paper Tax Forms Tax Year 2015

(Revised 07/15)

An authorized representative of the company must sign this Compliance Agreement for the Substitute Tax Forms Tax Year 2015 (herein known as "Agreement"). The Georgia Department of Revenue (herein known as "GADOR") must receive this Agreement prior to submission of any substitute tax form(s) and receipt of a GADOR-assigned vendor number. All primary software developers, secondary software developers, printing agencies and/or payroll services that create GADOR substitute tax forms in their products must complete this Agreement.

All Annual Compliance Agreements are due September 30, 2015.

SECTION ONE Compliance Agreement

As an authorized representative of _____ I agree that our company will comply with the stipulations below and the GADOR Substitute Form Design Specifications.

1. Comply with the development and submission requirements set forth in the GADOR Substitute Form Design Specifications document and this Agreement.
2. Upon receipt of all GADOR documents pertaining to substitute forms design specifications, will submit Georgia substitute tax form(s) to GADOR for compliance review in the manner provided herein.
3. Will not sell or otherwise distribute its product containing GADOR substitute tax forms to any third parties prior to obtaining formal written approval from GADOR.
4. Draft forms are not to be released in packages. Forms with "APPROVAL PENDING" OR "DRAFT FORM: DO NOT FILE" banners will cause delays and are prohibited.
5. Will not alter GADOR approved substitute tax forms contained in product without the authorization of GADOR.
6. Will notify GADOR, and if necessary, notify and provide customers with updated Georgia substitute tax form(s), if an error(s) relating to forms design, written instructions, scan line, calculations, and computation/coding errors is discovered in any approved product. Your company has **10 days** to correct errors and provide evidence of corrections. If errors persist after being notified, it may possibly jeopardize certification.
7. Will notify its customers, via its software product(s) or additional documentation as necessary, of any tax form instructions required by GADOR.
8. Will print vendor's number **or vendor's developer ID** on all pages of the Georgia substitute tax forms.
9. Will notify its customers that failure to follow tax instructions correctly, changing the tax form's font, or altering the required data or design of the form will result in tax errors, processing delays, or inability to successfully process information entered on the form.
10. Grants a limited license to GADOR to display _____ in various GADOR public information material designed only for informing tax practitioners and the taxpaying public about software/form developers that have developed substitute tax forms in compliance with GADOR's requirements.
11. Understands all previously signed Agreements with GADOR will expire on **August 31, 2015** and understands this agreement expires on **August 31, 2016**.
12. Forms must duplicate our content and placement layout (tables, data fields, barcodes, registration, etc.).

- 13. Agrees to submit all initial requests for form approval within 30 days of forms release date or testing schedule set by GADOR and no later than **January 31, 2016**. Note: Initial testing submissions received after **January 31, 2016** may be rejected by GADOR.
- 14. Agrees to resubmit submissions within 10 days of notification, if the forms or vouchers fail.
- 15. Complete a separate compliance agreement for each vendor code.

Two Dimensional Bar Code Request

Two-Dimensional Bar Code

2-D SYMBOLLOGY

Forms enhanced with 2D Bar Code are processed faster, easier and more accurately. Studies show that the entry and read error rates for bar code automatic data collection is approximately one error in one million characters versus one error for every three hundred characters in manual key entry.

If your company supports two-dimensional barcode technology (PDF417), GADOR requests your company's participation in our 2D Bar Code program. Please select the forms your company will support:

Georgia Form 500 Georgia Form 500EZ Georgia Form 600 Georgia Form 600S

If your company cannot agree to support 2D Bar Code technology this year, please provide a brief explanation below as to why and when you may be able to support this technology for the State of Georgia's substitute tax forms.

_____ cannot support 2D Bar Code technology at this time because:

By signing this Agreement, we understand and agree to the terms and conditions of the Compliance Agreement for Substitute Tax Forms Tax Year 2015 _____ acknowledges that the substitute forms reproduced in _____ product(s) will not be processed by GADOR if such forms do not fully meet the standards set forth in the GADOR Substitute Form Design Specifications document and this Agreement. GADOR reserves the right to contact _____ regarding issues of non-compliance.

Signature: _____

Date: _____

Printed Name: _____

Title: _____

SECTION TWO - Contact and Product Information

* Approvals will be sent to primary and secondary contact email address(es) listed below.
