

2016 Income Tax Credit Utilization Report

Georgia Department of Revenue

This report reflects the amount of income tax credits utilized in the State of Georgia in the year(s) listed. Utilized is the dollar amount actually offset against tax liability, not the amount of tax credits generated or created in a year.

A brief explanation regarding the Series 100 tax credits can be found at <https://dor.georgia.gov/tax-credit-summaries>. An explanation of the Series 200 tax credits can be found in our IT-511 Individual Instruction Booklet and Form IND-CR. For more information on income tax credits please review Title 48 of the Official Code of Georgia Annotated.

The information or data I wanted is not included in this report?

If you are seeking data that is not included in this report, please see additional reports published by the Department at the [State Revenue Statistics and Reports page](#).
