GENERAL INSTRUCTIONS

As an alternative to withholding on nonresident partners, shareholders or members, the Partnership, S Corporation or Limited Liability Company may file a composite return. Permission is not required. Only nonresidents who are not otherwise required to file a return may be included in the computation. However, an individual (a natural person) shall be allowed to be included on a composite return even if he/she is otherwise required to file a return provided he/she uses option 1. You must create your own schedule for the computation of the tax using the options described later in these instructions. Your schedule must also list any nonresident partner(s) or shareholder(s) not included in the computation along with their identification number(s). See Regulation 560-7-8-.34 for more information.

UET Penalty Exception: Estimates are required if the composite tax exceeds \$500 for the year. If the entity qualifies for an under-estimated tax penalty exception, please check the UET Penalty Exception box and put the adjusted penalty on line 5a. Please use Form IT-CR UET to compute the penalty. In accordance with O.C.G.A. § 48-2-32(f)(2), composite estimate taxpayers with quarterly payments of \$10,000 or more must pay electronically using the Georgia Tax Center (GTC). A penalty of 10% will be added if the payment is not submitted electronically on GTC.

Due Dates: All due dates for composite returns, estimated tax and extensions are the same as those for individual filers unless the entity is a fiscal year filer. **A fiscal year entity should file its return within 3 ½ months of the fiscal year end.**

Amended Returns: Amended composite returns must be filed during the same period as individual returns. Use Form IT-CR and check the “Amended Return” box at the top.

Electing option 1 or 2: Individuals may elect one of the two options on a member-by-member basis. These options are described in the instructions. Once the return is filed the election cannot be changed. The election of option 1 or 2 is made each year. Options 1 does not allow for any adjustments to income such as self-employed health insurance, Keogh, SEP or any other adjustments normally allowed in computing adjusted gross income.

Extensions: Georgia honors a Federal extension when the Georgia return is filed along with the Federal approval form on or before the extended Federal due date. If it is not necessary to request a Federal extension, use Form IT-303 to request an extension to file the Georgia return. **Any tax due should be paid on Form IT-560C by the statutory due date; not the extended due date for filing the related return.**

Business Credits: Information about business tax credits is available on page 9. Enter the information as specified on each line of Schedule 2 and/or 2B. With respect to Line 11, the “Tax Credit Summaries” on the Department’s website dor.georgia.gov includes information regarding which credits can be sold.

Carryback of NOL: Losses on a composite return are not allowed to be carried back. Georgia did not adopt the revised net operating loss provisions in the 2020 CARES Act and the modification to the Code Section 461(1) limitation in the 2020 CARES Act (the I.R.C. Section 461(1) adjustment (limitation on losses for noncorporate taxpayers) is required in the same manner as was required before the CARES Act).

Net operating losses (NOLs) for tax years 2018 and later that are applied to Georgia income cannot exceed 80% of Georgia income before NOLs. Use the schedule below to compute the net operating losses that can be used in the current year. The following must be applied on a member by member basis. See Regulation 560-7-8-.34 for more information regarding composite return NOLs.

- 1. NOL carry forward available for current year from years before 2018 _____
- 2. NOL carry forward available for current year from years 2018 and later _____
- 3. Income before GA NOL _____
- 4. NOL from line 1 applied to current year _____
- 5. NOL from line 2 applied to current year (cannot exceed 80% of Line 3) _____
- 6. Total NOL applied - add Lines 4 and 5 _____

Forms: Additional forms may be obtained by calling 1-877-423-6711 or by downloading them from our website at dor.georgia.gov

Using option 1 or 2, attach a schedule reflecting the computation of the total tax due on a member-by-member basis.

Note: Check the box on the Partnership or S Corporation return when filed that indicates a nonresident composite return is being filed for the nonresident partners/shareholders.

INSTRUCTIONS

For individuals, there are two options in which a composite return may be filed. No other options or alternatives are allowed. A review of the options will show that option 1 is very simple but more tax is paid. A 5.39% tax rate is applied to the Georgia income. Option 2 lets you prorate the deductions using the entity's income. The exemption for dependents is \$4,000. These options may be applied on a member-by-member basis. Trusts, Estates, Corporations, and Partnerships should list their Georgia income and multiply it by the 5.39% Georgia income tax rate.

Low Income Housing Credit Recapture

A partnership, S Corporation or Limited Liability Company may elect to pay the recapture of the low income housing credit for its members on Form IT-CR.

This may be done for nonresident members as well as resident members. Such recaptured credits shall be added to the composite tax on Line 1 of the Form IT-CR for the year of recapture. The year of recapture is the tax year that the credit is being recaptured for (not the year that the recapture happened).

In the event there is no composite tax due, the total recaptured credits should be put on Line 1.

A schedule should also be attached which lists the member's name, ID number, and amount of credits recaptured. The payment on the IT-CR shall relieve the member from reporting and paying the recaptured credits on the member's income tax return. The same rules regarding penalties (including the underestimated tax penalty) and interest that apply to normal composite tax shall apply to the recaptured credits.
