Part 5- Driver Education Credit

O.C.G.A. § 48-7-29.5 provides for a driver education credit. This is a credit for an amount paid for a dependent minor child for a successfully completed course of driver education at a private driver training school licensed by the Department of Public Safety under Chapter 13 of Title 43, "The Driver Training School License Act." The amount of the credit is equal to \$150 or the actual amount paid, whichever is less. A private driver training school is one that primarily engages in offering driving instruction. This does not include schools owned or operated by local, state, or federal governments. An amount paid for a completed course of driver education to a private or public high school does not qualify for this credit. A completed course of driver education includes additional courses offered by private driver training schools such as defensive driver education. This tax credit is only allowed once for each dependent minor child of a taxpayer. The amount of the tax credit cannot exceed the taxpayer's income tax liability. The credit is not allowed with respect to any driver education expenses either deducted or subtracted by the taxpayer to arrive at Georgia taxable net income or with respect to any driver education expenses for which amounts were excluded from Georgia net taxable income. Any unused tax credit cannot be carried forward to any succeeding years' tax liability and cannot be carried back to any prior years' tax liability. Visit www.dds.ga.gov/Training/index.aspx.
