GENERAL INSTRUCTIONS

As an alternative to withholding on nonresident partners, shareholders or members, the Partnership, S Corporation or Limited Liability Company may file a composite return. Permission is not required. Only nonresidents who are not otherwise required to file a return may be included in the computation. However, an individual (a natural person) shall be allowed to be included on a composite return even if he/she is otherwise required to file a return provided he/she uses option 3. You must create your own schedule for the computation of the tax using the options described later in these instructions. Your schedule must also list any nonresident partner(s) or shareholder(s) not included in the computation along with their identification number(s). See Regulation 560-7-8-.34 for more information.

UET Penalty Exception: Estimates are required if the composite tax exceeds \$500 for the year. If the entity qualifies for an under-estimated tax penalty exception, please check the UET Penalty Exception box and put the adjusted penalty on line 5. a. Please use Form IT-CR UET to compute the penalty. In accordance with O.C.G.A § 48-2-32(f)(2), composite estimate taxpayers with quarterly payments of more than \$10,000 must pay electronically using the Georgia Tax Center (GTC). A penalty of 10% will be added if the payment is not submitted electronically on GTC.

Due Dates: All due dates for composite returns, estimated tax and extensions are the same as those for individual filers unless the entity is a fiscal year filer. **A fiscal year entity should file its return within 3 ½ months of the fiscal year end.**

Amended Returns: Amended composite returns must be filed during the same period as individual returns. Use Form IT-CR and check the "Amended Return" box at the top.

Electing option 1, 2 or 3: Individuals may elect one of the three options on a member-by-member basis. These options are described in the instructions. Once the return is filed the election cannot be changed. The election of option 1, 2 or 3 is made each year. Options 1 – 3 do not allow for any adjustments to income such as self employed health insurance, Keogh, SEP or any other adjustments normally allowed in computing adjusted gross income. For Corporations, Partnerships, Trusts and Estates, please see the instructions that follow.

Extensions: Georgia honors a Federal extension when the Georgia return is filed along with the Federal approval form on or before the extended Federal due date. If it is not necessary to request a Federal extension, use Form IT-303 to request an extension to file the Georgia return. **Any tax due should be paid on Form IT-560C by the statutory due date of the extension voucher.**

Business Credits:

Information about business tax credits is available on page 6.

Carryback of NOL: Losses on a composite return are not allowed to be carried back.

INSTRUCTIONS

For individuals, there are three options in which a composite return may be filed. No other options or alternatives are allowed. For option 3, a 6% tax rate is applied to the Georgia income. These options may be applied on a member-by-member basis. Trusts, Estates, Corporations, and Partnerships should list their Georgia income and multiply it by the 6% Georgia income tax rate. The personal exemption for each married taxpayer is \$3,700 and is \$2,700 for other taxpayers. The exemption for dependents is \$3,000.

Information required : Nonresident partner's or shareholder's name, identification number, Georgia income, marital status and tax due.

OPTION 1

Pay tax on the nonresident's income from Georgia operation. Computed from tax rate schedule.

Low Income Housing Credit Recapture

A partnership, S Corporation or Limited Liability Company may elect to pay the recapture of the low income housing credit for its members on Form IT-CR.

This may be done for nonresident members as well as resident members. Such recaptured credits shall be added to the composite tax on Line 1 of the Form IT-CR for the year of recapture. The year of recapture is the tax year that the credit is being recaptured for (not the year that the recapture happened).

In the event there is no composite tax due, the total recaptured credits should be put on Line 1.

A schedule should also be attached which lists the member's name, ID number, and amount of credits recaptured. The payment on the IT-CR shall relieve the member from reporting and paying the recaptured credits on the member's income tax return. The same rules regarding penalties (including the underestimated tax penalty) and interest that apply to normal composite tax shall apply to the recaptured credits.
