 - ▶ All tangible personal property purchased for storage, use, or consumption without payment of Georgia sales and use tax should be listed and included on Line 3.
 - ▶ *Sales Price* means the cost of the tangible personal property to the purchaser including shipping, handling, and any other service charge, less any cash discount received.

Rates are posted at <http://dor.georgia.gov/sales-tax-rates-current-historical-and-upcoming>. Note that the rate posted on the rate chart is the combined county and state tax rate. To find the county tax rate, subtract the 4% state tax rate from the total tax rate.

Frequently Asked Questions

▶ What is use tax?

Use tax is a complement to sales tax that is due when Georgia state and local sales tax was not collected on a retail purchase of taxable personal property that is used, stored, distributed, or consumed in Georgia.

▶ What is the use tax rate?

The use tax rate is the sum of the 4% state tax rate and the local tax rate.

▶ Why doesn't the out-of-state retailer collect the tax?

If the retailer is located out of state and does not have a physical location or other type of physical representation in the state, the state cannot require the retailer to collect Georgia's tax. However, some out of state retailers voluntarily collect the Georgia tax as a convenience to their customers.

▶ If I make purchases of tangible personal property while in another state, do I owe Georgia use tax on these purchases?

If the items are purchased for storage, use, or consumption in Georgia, they are subject to Georgia tax whether the purchases are delivered to you in another state or shipped to you in Georgia. If you paid another state's sales or use tax on the out-of-state purchases, that amount may be credited against Georgia tax due. You may not claim a credit for sales tax or value-added tax paid to another country.

▶ If I purchase tangible personal property from an out-of-state retailer, are the shipping and handling charges subject to Georgia tax?

All shipping and handling, transportation, and delivery fees charged by the seller of taxable tangible personal property are subject to Georgia tax.

▶ Do I owe use tax on items brought to Georgia when becoming a resident of Georgia?

Use tax is not due on items brought to Georgia by a purchaser who is not a resident of Georgia at the time of purchase, but who subsequently becomes a resident, unless the item is used in a business, profession, or trade.
