

The following documentation provides information on how to view vendor reports via the Georgia Tax Center (GTC).

How to View Vendor Reports

1. Log into the GTC website (<https://gtc.dor.ga.gov/>).
2. On the Home screen, click the **Reporting** tab. There are four reports available.

The screenshot shows the Georgia Tax Center Home page. The top navigation bar includes 'Settings', 'Help', and 'Log Off'. The main content area has three sections: 'Logon' (showing 'Last logged on 03-Feb-2020' and 'Balance: \$0.00'), 'Alerts' (showing 'There is 1 unread message'), and 'I Want To' (with links for 'View Vendor Instructions' and 'Manage my vendor information'). A horizontal menu below these sections contains 'Accounts', 'Submissions', 'Correspondence', 'Names and Addresses', 'MeF Schemas', 'Paper Specifications', and 'Reporting' (which is highlighted). Below the menu is a 'Filter' input field. The 'Vendor Reporting' section lists four options: 'A Product Registration Activity', 'B Paper Testing Status', 'C ATS Testing Status', and 'D Approved MeF Products', each with a brief description.

3. Click the hyperlink of the applicable report.
 - Parameters can be set to limit the results on the **Product Registration Activity**, **Paper Testing Status**, and **ATS Testing Status** reports before clicking the **Generate** button, if needed.

The screenshot shows the 'Product Registration Status' report parameters page. The top navigation bar includes 'Settings', 'Help', and 'Log Off'. The breadcrumb trail shows 'Home > Product Registration Status'. The 'Parameters' section includes a 'Form Year' input field (highlighted in green), and four checkboxes: 'MEF Only', 'Paper Only', 'Approved Only', and 'Open Only'. A 'Generate' button is located in the top right corner of the parameters section.

- The [Approved MeF Products](#) report generates as soon as the hyperlink is clicked.

If the system locates information for the selected report, it will populate on the screen.

- Click the name of a column to sort the results. Click the **Filter** button to narrow down the results by what you type in the filter field.
