The following documentation provides information on managing IDs via the Georgia Tax Center.

Manage IDs for your Account

1. Log onto the GTC website (https://gtc.dor.ga.gov). Click on the **Manage my vendor information** hyperlink under the **I Want To** section.

2. Click the **Manage IDs** hyperlink in the **Software Vendor Management** section.

3. Click in the field **ID Type** and complete EFIN and ETIN choices, if you are a MeF vendor. If you are a paper vendor, enter your Vendor Code provided to you by GA DOR. Click **Next**. Click the field ID Type and select the type of ID you are entering. Paper Vendors – enter the Vendor Code that has been assigned to you by the GADOR. MeF Vendors – when entering the EFIN and ETIN you must specify if the ID is a Production ID or Test ID. When you have finished entering all of your IDs click the **Next** button.
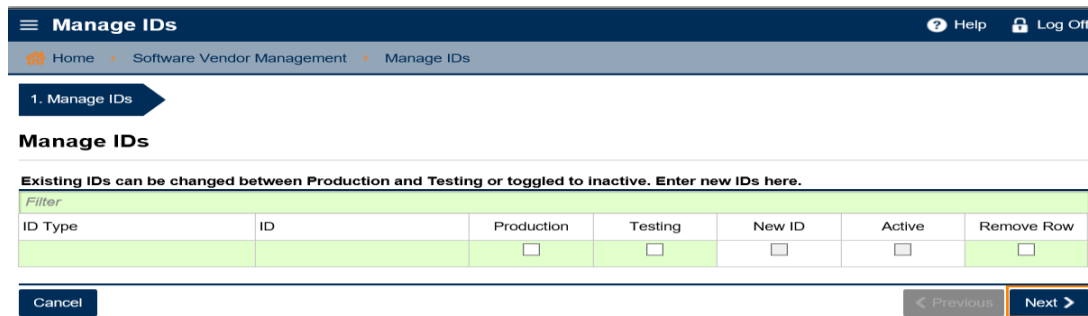

- IDs cannot be duplicated. If the production and testing IDs for an EFIN or ETIN are the same, only one can be registered at a time.

- Note: If you are a member, add your NACTP ID.

Manage IDs

Existing IDs can be changed between Production and Testing or toggled to inactive. Enter new IDs here.
