

How to Obtain a Georgia Certificate of Title for a Vehicle Originating From a Foreign Country

FOR A NEW VEHICLE

1. A [tag and/or title application, Form MV-1](#), completed in the vehicle owner(s)' full legal name(s). This completed application must be signed by the vehicle owner(s) individually. An individual's full legal name is his/her complete name as it appears on his/her valid driver's license or Georgia identification card. For individuals, please record either each owner's valid driver's license number and the name of the issuing state or his/her Georgia identification card number in the spaces provided.
2. The original valid manufacturer's certificate of origin* issued by the vehicle's manufacturer properly assigned to the applicant(s) for Georgia title or the valid foreign registration certificate* issued by the country where the vehicle was last registered in the current owner(s)' name(s). For the vehicle to be titled as a 'new' vehicle, the foreign registration certificate must be issued in the current owner(s)' name(s) as shown on the [tag and/or title application, Form MV-1](#).

If a foreign registration certificate is submitted in lieu of the manufacturer's certificate of origin, we must also have a [Certification of Inspection, Form T-22B](#), completed by a Georgia law enforcement officer or a county tag agent or his/her designated employee after making a visual inspection of the vehicle's serial plate.
4. If you moved into Georgia with a vehicle from a foreign country, the following fees are due: A check or money order for the \$18.00 title fee, Title Ad Valorem (TAVT), and any applicable penalty fees. Please Note: For new residents, at least 50% of TAVT is due upon application for title, and the remainder is due within a year from the date of title application.
