Pending Status

This screen will display any classes that you have registered for but were put on a waiting list. This will remain here until the class start date or you are added to the class roster. The system will automatically add the first person on the waitlist to the class upon a cancellation.

Catalog

The catalog is a list of classes offered by the Georgia Certification Program. Some classes are not offered for online registration because registration is done through other organizations. These classes include GATO, COAG, GAAO, WinGAP Conferences, and CAVEAT.

To narrow the search for a class, enter the Course ID, Course Name (Title), Dates the class is offered between or the location then click submit. Note: the course codes are shown beside each course name in the catalog. Scroll down to pick the class you want to register to attend. Each course available will show a description, course fees, prerequisites (if any are required) and sometimes additional information if available (contents, objectives). Each class available will show the class location, date and time of the class, registration deadline, credits given, the class size (number of people that can register), how many people who are registered and how many people are on the waiting list.

Re-Registering for a Class

If you decide to re-register for a class you will do so from this page.

- 1. Click on the Register tab
- 2. Click on the Unconfirmed Classes tab
- 3. Check the box beside your name by clicking inside it
- 4. Click Update

If the class is full, you will be put on the waiting list or informed that the class is full. The system only allows 10 people to be on the waiting list at a time.

Coordinator Roles

Coordinators are those employees in the county office that are designated as the person who coordinates the registration for all of the employees to attend training. Not every office has a person designated to do this.

If you are the coordinator in your office, you should have "Coordinator Roles" on GCP Online. This gives you the ability to register or cancel employees in your office to attend training.

You will register and cancel them the same way you register yourself. When you click Open on the Catalog page, you will see all employees in your office as well as yourself. Click on the names of those you want to register for that class. All will be registered when you click on Register. You will see a list of everyone you register and the class they are registered to attend on the Confirmed Classes page. If the employee has been added to the GCP Portal (the online registration website) they will receive an email upon being registered.

Coordinators are not able to see the education records or any correspondences except the confirmation and cancellation letters that generate when the coordinator cancels that person.

To view the confirmations:

- 1. Click on Student tab
- 2. Click on the employees name from the dropdown list displayed at the top of the screen above the tabs.
- 3. Click on correspondences
- 4. Click on the blue link to the correspondence letter you choose
