

# FOR IMMEDIATE RELEASE

April 15, 2016

## Intellectual Technology Inc. installs self-service kiosks in Georgia Kroger stores for motor vehicle registration renewals.

In April 2016, Intellectual Technology, Inc. (ITI) is installing Georgia Motor Vehicle Division (MVD) self-service kiosks in select Kroger stores located in Georgia. These conveniently located kiosks in Kroger stores now provide Georgia vehicle owners the option of renewing vehicle tags on weekends, or after hours.

Georgia residents in participating counties now have the ability to renew vehicle tags at any of these nine (9) Kroger locations using the convenient GA MVD Self-Service Kiosks provided by ITI.

“The ‘Georgia MVD Self-Service’ kiosks allow customers to conduct their vehicle registration business on their schedule, by placing self-service kiosks in convenient locations, Georgia vehicle owners can renew their registration while picking up their groceries, with only minimal added trip time. Now Georgia Drivers can **Scan** their Driver’s License, **Pay** their fees and **Print** their registration card and decal in no time!” states Georgia Steele, Georgia MVD Director.

Customers can scan their Georgia driver license, or enter registration information, then follow the easy-to-use touch screen prompts to renew vehicle registrations in as little as one minute. GA MVD Self-Service kiosks accept payment by credit or debit cards. Instructions and voice prompts in English or Spanish make the SSTs as easy to use as an ATM.

### The new GA MVD Self-Service kiosks are located at these Kroger stores listed below:

| Street                      | City          | Zip        | County           |
