#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of G.R.A.C.E. Scholars, Inc. Atlanta, Georgia

#### Opinion

We have audited the accompanying financial statements of G.R.A.C.E. Scholars, Inc. (the Organization), which comprise the statements of financial position as of May 31, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of G.R.A.C.E. Scholars, Inc. as of May 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of G.R.A.C.E. Scholars, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about G.R.A.C.E. Scholars, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing
  an opinion on the effectiveness of G.R.A.C.E. Scholars, Inc.'s internal control. Accordingly, no
  such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about G.R.A.C.E. Scholars, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Note 1: DESCRIPTION OF THE ORGANIZATION**

G.R.A.C.E. Scholars, Inc. (the Organization) was formed on July 7, 2008, as a Georgia nonprofit Student Scholarship Organization (SSO).

The mission of the

Organization is to provide children from families with financial need throughout the state of Georgia with greater opportunities to secure a quality Pre-K through 12<sup>th</sup> grade Catholic education. As a qualified SSO, the Organization receives contributions from individuals and businesses and awards scholarships to eligible students. Under the SSO regulations, ninety-two to ninety-six percent of the scholarship contributions that SSO's receive must be used to fund scholarships, with the remaining percentage available to cover administrative and operating expenses. The required percentage used for scholarships increases as annual revenues increase.

#### **Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

#### **Use of Estimates**

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates that are particularly susceptible to significant change in the near term are related to scholarships payable net present value discount calculation.

#### Cash and Cash Equivalents

Cash and cash equivalents include cash and all highly liquid investments with an original maturity of 90 days or less.

#### **Restricted Cash**

Restricted cash includes funds on deposit with a related party (Note 11) and is designated for the use of scholarship funding.

#### **Investments**

The Organization reports investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the Statements of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statements of Activities. Investment income and gains restricted by donors are reported as increases in net assets without donor restrictions if the restrictions are met (either a stipulated time period ends, or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized.

#### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Scholarships Payable

The Organization awards student scholarships based on financial need and the scholarships normally cover multiple years. In accordance with financial accounting standards, scholarship awards are considered to be unconditional promises to give when there are no significant conditions associated with the scholarship awards and there are no provisions preserving a right of return of the scholarship award. As such, the scholarship awards are considered to be unconditional promises to give and are recorded at the total award amount in the year the unconditional promise is made, discounted to the net present value of the future cash flows.

#### **Net Assets**

The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in it corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as when a donor stipulates that resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

#### Revenue Recognition

Contributions are recognized when cash, other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met or the donor has explicitly released the restriction.

The Organization reports gifts of cash and other assets as restricted support to the extent that, under Georgia law as amended, the Organization is required to obligate at least ninety-two to ninety-six percent of its annual revenue received from donations for scholarship awards or tuition grants. When a scholarship or tuition grant is awarded, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

#### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Administrative Fees**

Georgia law allows an administrative fee on current-year contributions based on the amount of cumulative contributions during the year. For the years ending May 31, 2022 and 2021, the Organization has approved administrative fees of approximately which is in line with the allowable legal limit. Administrative fees are recognized in the same manner and period as the related contributions.

#### **Donated Assets**

Donated investments and other noncash donations are recorded as contributions at their fair values at the date of donation.

#### **Donated Services**

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization.

#### **Functional Allocation of Expenses**

Directly identifiable expenses are charged to programs and supporting services. Expenses related to payroll are allocated based on actual percentages of time spent in each functional area.

#### **Income Taxes**

Under section 501(c)(3) of the Internal Revenue Code, the Organization is exempt from taxes on income other than unrelated business income. The Organization is considered to be an integrated auxiliary of a church and is, therefore, not required to file federal or state income tax returns. The Internal Revenue Service and State of Georgia have the right to examine the Organization from its inception

The Organization utilizes the accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

#### Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 28, 2022, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

#### Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Accounting Guidance Not Yet Adopted**

In September 2020, the FASB issued ASU 2020-07, Not-for-Profit Entities (Topic 958): *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This ASU specifies requirements for contributed services. The ASU is effective for fiscal years beginning after June 15, 2021. Early adoption is permitted. The Organization is currently evaluating the full effect that the adoption of this standard will have on the financial statements.

#### **Note 3: LIQUIDITY AND FINANCIAL ASSET AVAILABILITY**

The Organization maintains its financial assets primarily in cash and investments to provide liquidity to ensure funds are available as the Organization's expenditures come due. The following reflects the Organization's financial assets as of the statement of financial positon date, reduced by amounts not available for general use within one year of the statement of financial positon date because of contractual or donor-imposed restrictions.

May 31,	2022	2021
Financial assets at year end	\$	
Less amounts not available for use:		
Cash, restricted		
Other assets		
Investments, restricted		
Total amounts not available for use		
Financial costs conilable to march such march for		
Financial assets available to meet cash needs for		
general expenditures within one year	\$	

The Organization is principally supported by the administrative fees it collects for managing and awarding scholarships.

#### Note 4: RESTRICTED CASH AND INVESTMENTS

Georgia law requires that SSO's use at least ninety-two to ninety-six percent of the scholarship contributions they receive to fund scholarships and that the scholarship funds be maintained in separate accounts from the organization's general operating funds. The Organization deposits the required percentage of all contributions received plus any additional portion of contributions that the Organization intends to use for scholarship awards into a separate interest bearing account.

Restricted cash and investment balances at May 31, 2022 and 2021, were respectively.

#### **Note 5: INVESTMENTS**

Investments in marketable securities consist of the following:

May 31,	2022		20	21	
		Cost	Market Value	Cost	Market Value
Short-term investment and money market funds Certificates of deposit Corporate bonds U.S. government and agency bonds	\$				
Total	\$				

The Organization's policy for recording fees paid for the management of its investments is to net the fees against investment income.

#### **Note 6: SCHOLARSHIPS PAYABLE**

Scholarships payable are reflected in the statements of financial position as of May 31, 2022 and 2021, in the amounts of respectively. Scholarship awards expense in the statements of activities of for the years ended May 31, 2022 and 2021, respectively, is the total of scholarships awarded, forfeited and change in discount required to reflect future scholarships payable at net present value (Note 9).

In 2021, a participating school informed the Organization of its decision to transfer its partnership to another Student Scholarship Organization (SSO). At May 31, 2021, the amount allocated to scholarship recipients at this school for future years totaled which was included in scholarships payable at May 31, 2021. The remaining donations received in the amount of were awarded during the year ended May 31, 2022 and transferred to the other SSO.

The schedule below is a reconciliation of scholarships awarded, scholarships forfeited and scholarships payable. The amounts below do not include the discount required to reflect future scholarships payable at net present value.

For the years ended May 31,	2022	2021
Scholarships payable, beginning of year Scholarships awarded Scholarships forfeited Scholarships payments	\$	
Scholarships payable, end of year	\$	

#### Note 6: SCHOLARSHIPS PAYABLE (Continued)

Remaining commitments associated with these scholarships are as follows:

For the years ending May 31,	Scheduled Cash Outlay	Discount Component	Net Present Value
		•	
2023	\$		
2024			
2025			
2026			
2027			
Thereafter			
Total	\$		

#### **Note 7: NET ASSETS**

There were at May 31, 2022 and 2021.

Net assets with time restrictions of at May 31, 2022 and 2021, respectively, are restricted for the net present value discount to scholarships payable as described in Notes 2 and 6.

Net assets with purpose restrictions of at May 31, 2022 and 2021, respectively, are restricted for scholarships to be awarded in the subsequent year.

#### **Note 8: CONTRIBUTIONS**

Contributions are reflected in the statements of activities for the years ended May 31, 2022 and 2021, in the amounts of respectively. Contributions consisted of the following:

For the years ended May 31,	2022	2021
General contributions Contributions with no corresponding tax credits Contributions and transfers from other SSOs	\$	
Total	\$	

## G.R.A.C.E. Scholars, Inc. Notes to Financial Statements

#### **Note 9: FAIR VALUE MEASUREMENTS**

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2022 and 2021.

Short-term investment and money market funds: Carrying value approximates fair value based upon the nature of the instrument.

Corporate bonds and certificates of deposit: Valued using pricing models maximizing the use of observable inputs or similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

*U.S. Government and agency bonds*: Valued at the closing price reported on the active market on which the individual securities are traded.

Scholarships payable: Valued at fair value utilizing Level 3 inputs, based on the present value of expected future cash flows and a discount rate of 3.13% and 1.52% at May 31, 2022 and 2021, respectively. A decrease in the discount rate would increase the scholarships payable obligation. The valuation of the scholarships payable is determined annually by management.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

#### Note 9: FAIR VALUE MEASUREMENTS (Continued)

Assets and liabilities measured at fair value on a recurring basis, are summarized for the years ended May 31, 2022 and 2021:

May 31, 2022	Level :	1 Level 2	Level 3	Total
Investments Short-term investment and money market funds	\$			
Certificates of deposit Corporate bonds U.S. government and agency bonds				
Total	\$			
Scholarships payable	\$			
May 31, 2021				
Investments Short-term investment and money market funds Certificates of deposit U.S. government and agency bonds	\$			
Total	\$			
Scholarships payable	\$			
The following is a reconciliation of the 2021, for Level 3, scholarships payable:				
For the years ended May 31,				
Beginning of period				
Scholarships awarded Scholarships forfeited				
Scholarship payments				
Change in discount to net present value	е			
Total				

Considerable judgment is required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that the Organization could realize in a current market exchange.

#### **Note 9: FAIR VALUE MEASUREMENTS (Continued)**

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total assets. For the years ended May 31, 2022 and 2021,

#### Note 10: CONCENTRATIONS OF CREDIT RISK

Cash consists of demand deposits with financial institutions. Restricted cash consists of funds on deposit with the AoA Deposit and Loan Fund Trust (Note 11). The Federal Deposit Insurance Company (FDIC) coverage is limited to \$250,000 for all funds in non-interest bearing bank accounts. Funds on deposit with the AoA Deposit and Loan Fund Trust are not FDIC insured.

Management is of the opinion

that there is no risk of loss because of the financial strength of the institutions.

#### **Note 11: RELATED PARTY TRANSACTIONS**

## Restricted Cash

Advance from Catholic Education of North Georgia, Inc.					

#### **Management Services**

#### Note 11: RELATED PARTY TRANSACTIONS (Continued)

#### Management Services (continued)

The annual billing from Services for the year ended May 31, 2022, includes the following services:

As part of the Agreement, Services hired onto its payroll full-time employees who work one-hundred percent of the time for the Organization. These employees are employed by Services and receive all pay and benefits other full-time employees of Services in similar positions receive. Services processes all payroll and related costs for these employees and charges the Organization one-hundred percent of the actual cost. Payroll and related costs charged to the Organization for the employees are billed on a monthly basis.

#### Note 12: CERTIFICATION FOR GEORGIA DEPARTMENT OF REVENUE

For the years ended May 31, 2022 and 2021, the Organization has met all the requirements under Georgia law O.C.G.A. § 20-2A-2, and is a SSO as defined in O.C.G.A. § 20-2A-1. The 2021 and 2020 calendar year reports submitted to the Georgia Department of Revenue pursuant to O.C.G.A. § 20-2A-3 are correct in all material respects.

#### **Note 13: UNCERTAINTIES**

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Organization. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.

## SSO Declaration for calendar year 2022

For the calendar year ended 2022, GRACE Scholars has met all the requirements under Georgia law O.C.G.A. § 20-2A-2, and is an SSO as defined in O.C.G.A. § 20-2A-1. The 2022 calendar year reports submitted to the Georgia Department of Revenue pursuant to O.C.G.A. § 20-2A-3 are correct in all material respects. GRACE Scholars is also solely responsible for verifying student eligibility for scholarship purposes.
