

The Georgia Department of Revenue has determined that your Individual Income Tax account and/or Fiduciary Income tax account has associated tax credits. You can view and verify these tax credit balances by logging into the Georgia Tax Center (GTC) at <https://gtc.dor.ga.gov>. After logging in, tax credit balances can be seen under the **Credits Tab**.

The screenshot shows the Georgia Tax Center user interface. At the top, there are three main sections: 'NAMES AND ADDRESSES', 'I WANT TO...', and a 'Profile' button. The 'NAMES AND ADDRESSES' section includes fields for Social Security #, My Balance (\$0.00), and various address fields (Legal Name, DBA Name, ALIAS/AKA Name, Business Location Address, Individual Residency Address) with 'Add' links. The 'I WANT TO...' section lists actions like 'Make Multiple Payments', 'Register as a Sole Proprietor', 'Register Permit Account', 'Submit Documentation', 'Submit Power of Attorney', and 'Transfer Tax Credit'. Below this is a navigation bar with buttons for 'ACCOUNTS¹', 'REQUESTS⁰', 'E-MESSAGES⁰', 'LETTERS¹', and 'CREDITS'. The 'CREDITS' button is highlighted with an orange arrow. Below the navigation bar is a 'CREDITS²' section with a table of credits.

Show History Filter			
Credit Type	Claimable From	Claimable To	Remaining
102 - Employee Retraining Credit			3,936.00
122 - Film Tax Credit			227.00
2 Rows			4,163.00

If you disagree with the amount of a credit, submit supporting documentation via GTC and call the Department at (877) 423-6711.

This screenshot is identical to the one above, but with the 'Submit Documentation' link in the 'I WANT TO...' section highlighted with an orange box. This indicates the next step in the process if a user disagrees with a credit amount.

If you do not already have a GTC account, please follow the steps in this instructional video: <http://dor.georgia.gov/videos/how-signup-online-access-individual>.
