Reminders: Board of Equalization members who are being reappointed for a term beginning in 2017 must take the 20 hour Board of Equalization Recertification class before serving again.

Terms should always be January 1 to December 31. If someone is appointed to fill an unexpired term their term start date may be something other than January 1. Their term end date will be the same as the person they are replacing.

Terms should be 3 years unless you are trying to stagger your board. In that case the terms should be no more than 3 years but can be less than 3 years.

You may also register online through The Carl Vinson Institute of Government of The University of Georgia to obtain the 8-hour Board of Equalization Update or to obtain the 20 Board of Equalization Recertification requirement. Click on the link below for more information and to register for training.
